

HISTORICAL PRODUCT CONTENT LABEL ¹

GreenSwitch is sold in blocks of 100 kilowatt-hours (kWh). This table provides the renewable resource mix in GreenSwitch in 2023 as well as the projected resource mix January-April 2024.

Renewable Energy in GreenSwitch ²

| | 2023 - Historic | | 2024 - Prospective | |
|------|-----------------|---------------------|--------------------|---------------------|
| | % | Generation Location | % | Generation Location |
| Wind | 100% | Wyoming | 100% | Wyoming |

1. Prospective 2024 figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will report the actual electric resource mix you purchased January-April 2024 in the form of a historic product content label before August 1, 2024. Historic 2023 figures reflect the power delivered to GreenSwitch customers in 2023.

2. New renewables come from generation facilities that first began commercial operation within the past 15 years.

For comparison, the current average mix of resources supplying Loveland Non-Renewable Subscribers includes: Coal (34.7%), Natural Gas (0.3%), Hydroelectric (15.7%), Solar (3.4%), Wind (27.3%), and Other (18.6%)*. This resource mix was provided to Loveland by Platte River Power Authority for the year 2023.

The average home in the United States uses 899 kWh per month. [Source: U.S. EIA, 2022]

For specific information about this electricity product, please contact Loveland Water and Power, 970-962-3000, efficiency@cityofloveland.org, lovewp.org/ programs.

*Other refers to unspecified purchases.

GreenSwitch was Green-e Energy certified throughout all of 2023 but voluntarily removed its certification for 2024. Learn more about Green-e at www.green-e.org.

GreenSwitch Prices, Terms & Conditions

GreenSwitch energy is sold in 100 kilowatt-hour (kWh) blocks. The current cost per block is \$1.20. Your bill will increase according to the number of GreenSwitch blocks you purchase. This fee is in addition to the other rates and fees from Loveland Water and Power. To purchase renewable energy, a customer must purchase a minimum of one block (equals 100 kWh).

A notice for the April 30, 2024 termination of the renewable energy purchase program was mailed to current customers on February 29, 2024. Therefore, any previous program commitment obligations have been removed.

This optional program is subject to the availability of renewable energy from Platte River Power Authority. The supply may be limited. GreenSwitch is sold by Platte River Power Authority through Loveland Water and Power.

For more information on GreenSwitch prices, terms and conditions, go to lovewp.org/programs, email efficiency@cityofloveland.org or call (970) 962-3000.
